

How to get your diving certificate @ Lekker Gezellig Dive resort?

General overview

Diving courses at our resort include e-learning as well as practising and training your diving skills with our certified dive instructor.

You can already start your study online and finish your eLearning before you start your diving skills training at our resort. You can practice at our pool before starting your open water dives.

Note: You must be medically fit to dive and the required age for starting the Open Water course is 10 years or older.

Info, booking & payment

Contact us directly to receive more information and to book the course you want to follow (see section 'contact' on our webpage).

You can then:

- Make a reservation for the course and our instructor will contact you.
To make a reservation, a deposit of 25% is required.
You can pay in Euros (NL91 ABNA 0422 2471 97 to: C. Lorangasal) or in IDR (Indonesian rupiah, check at our resort). Please mention your full name and the name of the course.
- Our instructor will contact you and will arrange everything, including your registration for the e-learning course. You will receive a link to the website to start your e-learning course.

Note:

- Full payment must be made before arrival
- Cancellation more than 30 days before arrival = full refund of deposit minus the cost of the e-learning course (price depends on the course)
- Ordering your e-learning course directly on the website of the diving association (at higher costs):
You can choose to order and pay the e-learning directly at the diving association's website (at your local dive center) and later follow the skills training and receive your registration at our resort. You then get a discount on the dive course price (minus the actual price of the e-learning course that we would have paid to the diving association).

Medical check(list)

Before starting your diving course it is good to know that if there any medical conditions for which you maybe need to get a medical statement and approval from a physician:

Diver_Medical_Participant_Questionnaire_10346_EN_English_2022-02-01.pdf.

This ensures that you're fit to dive and helps keep you safe underwater!

If there are no specific medical conditions to account for, you can fill in this form and other official forms later at our resort.

Receiving your diving certificate

After successfully completing both theory and practice, the instructor confirms that the participant has met all requirements.

The instructor records course completion with the diving association. You will then receive your diving certificate. This is usually sent via email and can also be converted into a physical card.

**Now let's dive in & enjoy
a wonderful underwater
adventure!**
